

1st USA West Coast International Taichi Championship

On September 4th, 2016

San Mateo, CA

Organized by USA Taichi Culture Foundation

Hosted by Sing Tao USA

USA Taichi Culture Foundation (USATCF) and Sing Tao USA are pleased to announce the debut of the “First USA West Coast International Taichi Championship” at the annual Sing Tao Expo on September 4, 2016 in San Mateo, California. This is the first collaboration between the media giant and USATCF, founded by World Taichi Champion Master Yunjian Zou.

This competition focuses on the art of Taichi bringing together traditional and modern practitioners alike, and to build a bridge between East and West. It gives practitioners a challenge and the opportunity to experience Taichi on a competitive level; an incentive to train and to be able to excel onto the world championship stage. No matter which style of Taichi or the goal of each competitor, this contest welcomes all practitioners regardless of age or skill level.

Another purpose of organizing this event is to raise awareness; that Taichi has long been recognized as part of Traditional Chinese Medicine and supports those who seek the health benefits in practicing Taichi.

Highlights of this event include awards presented by USATCF to teachers, whose dedication through teaching and educating, contributed enormously in spreading the art of Taichi into the Western World, and an exclusive guest demonstration by the “China Professional Taichi Team.”

Sing Tao USA is one of the largest Chinese media in the world. Aside from its daily newspaper, it also has Chinese Radio on AM1400 and Sing Tao Internet TV.

USATCF was founded by Master Yunjian Zou. The mission of his foundation is “Bridging the World through the Essence of Taichi.”

Master Zou believes this event presents an excellent platform to benefit the growth of the Taichi community. It provides the opportunity for those who wish to learn more, to share ones experience and knowledge. The competition aspect serves as a tool to train and practice, elevating the skills of each.
